MANAGING I.T. WAS NEVER THIS EASY.

THINKCENTRE M91p COMES WITH MORE THINKING TO SAVE TIME, EFFORT AND MONEY.

THE LENOVO® THINKCENTRE® M91p DESKTOP

WHEN TO SELL

Best suited for enterprise users who need Desktops with

- The latest technology for high-performance
- Features offering strong stability and easy manageability
- The most reliable security for an enterprise workstation
- Improved productivity – reducing running and managing costs

WHO TO SELL TO

Target Segment

- Large enterprises and mid-market companies with deployment of over 500 PCs

WHAT WE OFFER – SALIENT FEATURES

World-Class Reliability par Excellence

The ThinkCentre M91p is faster than previous models and comes equipped with latest features like:

- 2nd generation Intel® Core™ processor, vPro™ and Active Management Technology™ (AMT)
- Turbo Boost 2.0 and Hyper-Threading for swift performance and powerful multitasking capabilities

Reduced Cost, Energy and Environmental Impact

The ThinkCentre M91p is environmentally-friendly Desktop that saves considerable energy and non-degradable material through:

- The use of up to 42% post-consumer content (PCC)¹
- Increased power savings over a 3-year lifecycle, adding to long-term benefits
- The latest Power Manager, which helps use energy efficiently in diverse situations

Scalable to Growing Needs

The ThinkCentre M91p is built to fit easily into available office space as you scale up your business.

- Available in different form factors (tower and small) that can be customized to your needs
- The M91p Desktop will soon be available in ultra-small form factor (USFF)

Fast Performance

The ThinkCentre M91p comes with faster rate of data transfer featuring SATA III and USB 3.0.

- The SATA III enables data transfer at the rate of 6GB per second – twice as fast as SATA II
- The USB 3.0 transfers data at the speed of 625MB per second – ten times as fast as the USB 2.0

TOP REASONS TO OWN

- FIRST THINKCENTRE WITH 2ND GENERATION INTEL® CORE™ PROCESSOR
- HIGHLY MANAGEABLE DESKTOP COMPUTER
- INDUSTRY'S BEST SECURITY FEATURES
- FASTER-THAN-EVER DATA TRANSFER SPEED
- MOST ECO-FRIENDLY AND AWARD-WINNING SUPPORT AND SERVICES

SERVICE OFFERINGS

THINKPLUS® SUPPORT

- All Lenovo ThinkCentre® customers receive Lenovo's award-winning base warranty service and support. Increase employee uptime and protect your investment longer by upgrading your warranty support to a higher service level and/or extending the base warranty for as long as you plan to own your Lenovo ThinkCentre.
- Enterprise operations require priority attention to support needs of their IT department and need fast, expert product support for their end-users and technicians. Lenovo's ThinkPlus Priority Support gives IT department faster access to Lenovo technical support for PC hardware and software issues, along with IT management tools to maximize helpdesk productivity while managing overhead costs.
- Bypass basic troubleshooting and experience shorter hold times, reduced repair times and higher first-time-fix rates so that your IT team can concentrate on mission-critical business activities.

KEY DIFFERENTIATORS

INTER-SERIES POSITIONING

Compared with the ThinkCentre A70, the ThinkCentre M91p Desktops are:

- Known for their performance as enterprise-class systems, whereas A70 ThinkCentres are made for small and medium business users
- Equipped with Intel® vPro™ technology and SMC 2.0 support
- Supported with stronger Green certifications than the ThinkCentre A Series

THINKPLUS PROTECTION

- Lenovo Protection Services for ThinkCentre protects you and your business against hard drive failure. Lenovo Hard Disk Drive Retention allows you to retain your hard drive in case it should fail and protects valuable files falling into the wrong hands, instead of returning the damaged part to Lenovo.
- To learn more about these and other available Lenovo Services, visit www.lenovo.com/services

INTRA-SERIES POSITIONING

Compared to the ThinkCentre M90p, the ThinkCentre M91p Desktops have:

- Faster performance 2nd generation Intel® Core™ processors
- Faster data transfer speed with the latest SATA III and USB 3.0 connectors
- Support for up to four independent displays (with discrete graphics card)
- Features for increased comfort and cost savings

CUSTOMER NEEDS AND OUR SOLUTIONS

Customers need a Desktop that comes with the latest technology for faster performance

- Support for four independent displays with a discrete graphics card
- Use of RAID with ODD support (on SFF) that also enhances data security
- New SATA III hard disk drives that have port transfer speed twice as fast as the previous SATA II hard disk drives
- SuperSpeed USB 3.0 with the ability to transfer data ten times faster than a USB 2.0

Customers need a Desktop that is built for strong stability and easy manageability

- Latest Intel® vPro™ technology with Intel® AMT™ – for enhanced remote support and maintenance
- Tool-less chassis simplifies maintenance tasks – enabling easy access to the chassis
- Asset Recovery Service – returns maximum value on PC transitions

Customers need a Desktop with excellent security that reduces running and management costs

- Intel® SIPP technology ensures software stability – for as long as 15 months of a technology transition cycle
- Embedded Trusted Platform Module (TPM) chip – for data protection
- Lenovo's Hardware Password Manager² (HPM) – for exclusive hard drive protection
- Options to disable USBs individually – for extended PC security

¹ Recycled plastic percentage varies on form factors (including optional Fingerprint Keyboard):
Tower - 42.10%, SFF - 39.63%, Eco USFF - 36.45%. Calculation based on EPEAT® standard as reference.
