

Lenovo ThinkPad X13

Smarter
technology
for all

Lenovo

Powered by next-generation AMD Ryzen™ PRO processors for less power consumption and better battery life, and boasting the latest AMD Radeon™ Graphics, the redesigned Lenovo ThinkPad X13 Gen 4 perfectly marries high performance with ultra-portability. Lighter and thinner with anywhere productivity thanks to 4G LTE and 6E Wi-Fi¹, this premium ThinkPad clamshell is a must-have for the modern workforce.

Enhance collaborative ideation with the new split 5MP RGB+IR camera for improved visual quality and Dolby® Suite certifications for enriched audio, while always staying secure with the webcam privacy shutter and Human Presence Detection. Plus, this Lenovo ThinkPad is engineered with sustainability in mind, from the low-temperature soldering and PCC recycled product materials to our low-power display.

AMD
RYZEN
PRO

¹16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

Lenovo ThinkPad X13

ULTRA-PORTABLE PRODUCTIVITY

Starting at 15.95 mm and 1.19 kg (2.63 lbs), this Lenovo ThinkPad is built for high-performing productivity from everywhere, with all-day battery life plus 4G LTE and Wi-Fi 6E capability¹. Dolby® Audio and Dolby® Voice keep connections crisp and clear, while the Low Blue Light display with Eyesafe® certification lets you put in those long workdays without worry.

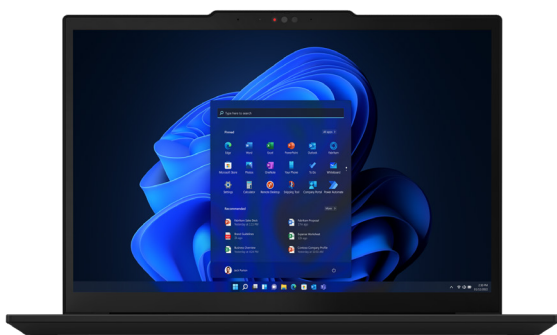

ENHANCED USER EXPERIENCE

The new premium Deep Black or Storm Grey finish with tone-match keyboard gives this powerhouse a modern feel—and while you look cool, this device stays cool with the new rear fan exhaust and back venting design. An improved 84.2% screen-to-body ratio delivers a bigger, bolder picture. Plus, the updated communication bar, now with a split RGB and IR camera feature, means camera quality is better than ever thanks to dedicated lens and sensors.

SUSTAINABILITY FOCUSED

This Lenovo ThinkPad implements purposeful inclusions of recycled materials. This product uses high levels of post-consumer content (PCC)² in the battery packs, speaker enclosures, and adaptors, plus the use of 90% recycled magnesium in the C cover (Deep Black), and 55% recycled aluminum in the A, C, and D cover (Storm Grey). Low-temperature soldering increases reliability while lowering carbon emissions during manufacturing, and FSC certification adds to overall sustainability³. Plus, the low-power display and Human Presence Detection feature also help users conserve energy consumption.

performance

This Lenovo ThinkPad delivers powerful mobile productivity with next-generation AMD Ryzen™ PRO processors, the latest AMD Radeon™ Graphics, up to 32GB LPDDR5x memory, and up to 2TB PCIe Gen 4 SSD storage.

durability

MIL-SPEC tested against 12 methods, 26 procedures, and 200 additional quality checks, this Lenovo ThinkPad is designed for work-from-anywhere durability and engineered with reliable, long-lifecycle components.

security

Enhanced integrated Lenovo ThinkShield features, like the webcam privacy shutter, optional PrivacyGuard, and power-on touch fingerprint reader, keep your data yours in the hybrid work environment. Plus, chip-level AMD Memory Guard and the new Firmware Shield deliver security at every level.

¹16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

²See sustainability section next page for specific PCC contents.

³Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material

Lenovo ThinkPad X13

Sustainability services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—and the environment.

CO₂ OFFSET SERVICE

Lenovo calculates carbon emissions of its PCs across their lifecycles. Leveraging that, customers can offset the carbon emissions associated with their Lenovo PC with every purchase.

BULK PACKAGING SERVICE

This solution packages multiple like-devices together to minimize the amount of material used—without compromising the integrity of protective packaging.

ENVIRONMENTAL LOGISTICS SERVICE

Calculates CO₂ emissions based on transport, recommending solutions and space-saving measures for the customer.

ENVIRONMENTAL SOFTWARE SOLUTIONS

Tracks energy consumption on a system basis throughout the lifecycle in order to determine which units are using more power—and when.

ASSET RECOVERY SERVICE (ARS)

Mitigates environmental and security risks through a customized single-source solution for secure, documented disposition at the product's end of life.

Accessories

ThinkPad 13-inch Sleeve

Designed to fit the most recent generation of ThinkPad 13" notebooks. These fitted sleeves help to protect your notebook from dust, shocks, scrapes, and scratches for superior PC protection. The slim, lightweight design also stows easily in a larger bag.

Lenovo Professional Bluetooth Rechargeable Mouse

Engineered to maximize human performance by giving you more control & eliminating distractions. Expect a masterfully sculpted right-handed form, programmable side buttons and top button, a dynamic wheel that matches your speed, and an enduring battery life of up to 3 months when charged via USB-C.

PN: 4Y51J62544

Lenovo Go Wireless ANC Headset

With Microsoft Teams Certification and cutting-edge noise cancellation technology, both office and remote workers will have the tools they need to tune-out distractions and tune-in to their work - all in one headset.
